

User Preferences:

- Frequently uses Microsoft Teams for chat and collaboration.
- Prefers using keyboard shortcuts.
- Heavy user of Microsoft OneDrive for file sharing.
- Often schedules meetings with external clients.
- Uses Teams for project management with Planner integration.

Usage Statistics:

- Average weekly chat messages: 200
- Number of meetings per week: 10
- Shared files in OneDrive: 25

Personalized Recommendations:

1. Utilize the Planner integration for project management to streamline workflows.
2. Explore the Teams calendar and scheduling tools to optimize meeting management.
3. Use more advanced keyboard shortcuts for faster navigation in chat and meetings.
4. Use OneDrive to store frequently used documents and share them across Teams seamlessly.
